

SUGGESTIONS REGARDING THE PREPARATION OF A TDK ESSAY

I. CONTENT REQUIREMENTS OF THE TDK ESSAY:

1. Introduction (Highlighting the relevance of the topic; marking the objectives)
2. Literature review (based on international books/manuscripts/papers, and internet sources)
3. Elaborating the topic (detailed presentation of the own work; description of a self-made experimental setup/software)
4. Summary, evaluation of own results (targeted summary of the obtained results,
5. presentation of conclusions, further possibilities)
6. List of references (clear and correct references must be given in the text to be referred documents)

II. FORMAL REQUIREMENTS OF THE TDK ESSAY:

Length: min 10 pages, optimal is ~ 20-30 pages.

Margins: 2,5 cm (upper, lower, left, right). Font: 12 size, 1,5 line spacing.

Section and sub-section headings must be separated from the text body.

List of references: minimum 5 references. Formal suggestion (book [1], manuscript [2]):

[1] Verő J., Káldor M.: Fémten. Budapest. Tankönyvkiadó. (1977) p. 77.

[2] Ghosh S., Nowak Z. Lee K.: Quantitative Characterization and Modeling of Composite Microstructures by Voronoi cells. Acta Materialia. 45 (1997) p. 2215.

Preferably, as many self-made figures and tables as possible.
