Proposal for an optional subject

The **HSUP** is a two semester e-learning course, where the first semester focuses on innovative thinking and learning about the startup world, while the second semester is dedicated to practical knowledge about building a company.

At the end of the first semester, you will be required to prepare a one-pager on your own business idea in addition to the exam.

In the second semester, the owners of the one-pagers selected by the university will have the opportunity to work in teams with the students participating in the programme to turn their idea into a business. The Hungarian Innovation Agency will support the work of the students in teams with a grant of 65.000Ft/person/month for 4 months, a mentor and various professional offers. The programme can be registered as a course on Neptun.
